

MUSTAFA KEMAL GORDESLI

STUDENT OF COMPUTER ENGINEERING/4TH YEAR

I am a fourth-year computer engineering student at Balıkesir University, driven by an investigative mindset and a strong commitment to continuous improvement. While I am still in the early stages of mastering the English language, I am dedicated to the learning process.

My current focus lies in back-end development, where I utilize technologies such as C#, .NET Core, JavaScript and SQL Server. I predominantly craft my projects using the powerful combination of .NET and React.

SKILLS

- ☐ C#
- ☐ .NET Core
- ☐ Html, Css, Javascript
- ☐ React
- ☐ Git/Github
- ☐ Nodejs
- ☐ Tailwind

LANGUAGES

English	Level B1
Turkish	Native

EDUCATION

Kiraz Anatolian High School

2016 | 2020

Balıkesir University

2020 | 2024 (in progress)

EXPERIENCES

Trair Software Technology Investments

Software Engineer Intern

Skills: Django · Python · Nextjs · JavaScript · Docker

July 2023 – Aug 2023 | 1 month

VBT Yazılım A.Ş.

Software Engineer Intern

Skills: C# · JavaScript · .Net Core · Restful API · Sql Server

Jun 2022 – Aug 2022 | 2 month

PROJECTS

EXPENSE TRACKER

An expense tracking application developed using
React, Node, Express, MongoDB.

SHOPPING CART API

A simple shopping cart implementation for .NET6.

News App

News sharing application developed with Nextjs
and Tailwind.

VOLUNTARY ACTIVITIES

IEEE Balıkesir University Student Branch

Nov 2020 | Jun 2022

BAUN Elektrik ve Bilgisayar Sistemleri Topluluğu

Apr 2022 | in progress
